|                          | 04/09/08 16:17 CST                 |                   | 0                      | Source: NWS Storm Survey             |

Based on ground and aerial surveys...it was determined a tornado formed along FM 576 east of Eolian. The tornado damaged trees and a shed west of FM 576 and FM 3418 and continued to damage a large metal building on FM 3418. In addition, several large storage containers were blown across the road. This tornado was rated an EF-0 with maximum winds of 80-85 MPH.

#### STEPHENS COUNTY --- 0.8 WNW BRECKENRIDGE ARPT [32.72, -98.91], 5.5 ENE BRECKENRIDGE [32.78, -98.81]

04/09/08 16:21 CST 1M Tornado (EF1, L: 7.06 mi , W: 400 yd) 04/09/08 16:32 CST 6 Source: NWS Storm Survey

The second tornado began approximately a half mile west of Highway 183 and south of FM 2231. Power poles were damaged along FM 2231 and Highway 183 and roof and barn damage was noted along Highway 183. The most significant damage occurred at and just west of the Stephens County Airport where several homes had considerable damage along CR 150. Several airport buildings had overhead doors blown in, roof damage, and damage to girders. Power poles were also damaged northeast of the airport near the eastern end of FM 2231. Damage to mobile homes, roofs, power poles, and storage buildings continued across Highway 180 and between Highways 67 and 207. This tornado has been rated as an upper end EF-1 with winds approaching 110 MPH. An estimated 46 homes were damaged in total. Three injuries required hospitalization and there were a few minor ones as well.

#### STEPHENS COUNTY --- 6.0 WNW CADDO [32.75, -98.77], 5.3 WNW CADDO [32.76, -98.75]
